Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

A discussion based on the last office action mailed 4/18/07. Applicant discussed the differences of the "Band" between the claimed invention and the references, and how the brackets are secured to the band and the hub. But these features were not claimed. In order to overcome the prior art of record, applicant is suggested to add more details to define the "band" and how the brackets being secured to the band. However, a final decision will be based upon the formal submission .
